

DISPLAY SOLUTIONS, Inc.

UNIQUE SOLUTIONS FOR UNIQUE PROBLEMS

Display Solutions in Stow, MA announced today that the company has been selected to provide a turnkey visual system to upgrade the Egypt Maritime IBS Bridge. The \$1.2 million contract was awarded by L3 MPRI Division and includes three visual channels and spares.

Display Solutions will deliver Sanyo SXGA Video Projectors equipped with 0.8:1 wide-angle optics integrated with mechanical perforated edge-blend and neutral density filtering for enhanced black level on night scenes without visible overlap stripes. A Folsom VMS1000 Geometry Correction System will also be delivered. Display Solutions will stage the visual system in a bridge at the L3 Stonington, CT facility and train L3 installers.
