## **UNIQUE SOLUTIONS FOR UNIQUE PROBLEMS**

**Display Solutions, Inc in Stow, MA** announced today that it has successfully completed the installation of a turnkey visual system for the Maine Maritime Academy Bridge Upgrade. The prime contractor for the bridge upgrade is Kongsberg Maritime Simulation, Inc with the turnkey visual system designed and integrated by Display Solutions.

Display Solutions delivered and installed Projection Design F1 SXGA video projectors integrated with optical baffles and neutral density filters for enhanced black level on night scenes without visible overlap stripes from adjacent channel. Features of the visual system include precision mounting for fixed focus, wide angle lens, quick disconnect projector mounting for easy maintenance and addressable IR projector control.
